

ARIADNE (FP7-Infrastructures-2012-1-313193)

- “ Runs 4 years (started 02/2013)
- “ FP7 Instrument „ Integrating Activity“
- “ Focus on archaeological datasets
- “ Funding

“ Documentation practices and semantics

- different methods
- different languages
- different concepts / semantics
- different definitions of time periods, ...

How to integrate data from different countries so that they can be cross-searched?
