Why publish OA?

Ethics

-

Public understanding of archaeology

- Huge, committed avocational audience
- Many and diverse interest groups and local societies globally

Funder mandates

-

Nature Publishing Group and RIN (2014)

Other literature observing an increase in ase in

Conversely..

Phil Davies, The FASEB Journal (2011)

-

Why no research consensus?

- Most academic articles published for highly specialised audience in well-defined niche
- Many studies could not check for self-selection of articles

- Archaeology has unique breadth of discipline

Relatively high impact publication..
